George Kuntz

License # EO-N1308034

Hawaii Youth Soccer Association

P.O. Box 31286 Honolulu, Hawaii 96820

Aloha Coach,

Thank you for attending the USSF National "E" course administered by Hawaii Youth Soccer Association (HYSA). The National "E" license is recognized throughout the US Youth Soccer Association State Associations. This is a United States Soccer Federation (USSF) course. You have proven that you understand and can implement coaching concepts through the completion of classroom and field work.

Your testing result is:

HYSA/USSF National "E" LICENSE - PASS

The National "E" license qualifies you to coach in HYSA at the older levels and register to attend the USSF "D" Course after a six month wait upon the completion of your "E" Course to attend the USSF "D" Course.

Please keep this license safe as you will need it to apply for the National D license, if you choose to. Watch www.hawaiisoccer.com for continued Coaching Education notices of licenses or clinics provided throughout the year. The USSF coaching education website is <http://ussoccer.com/coaches/index.jsp.html> and you can find additional resources and information about National C, B, and A courses offered every year.

As a HYSA coach we expect you to continue to promote this great game for all players that you coach. We are relying on your experience to lead as a coach. HYSA coaches lead players and teams by teaching good sportsmanship, teaching the rules, tactics, and techniques of the game. We want our coaches to use good judgment when in communication with players, coaches, parents, and referees. If there is any need or help please contact HYSA's Coaching Education Committee.

Mahalo,

Hawaii Youth Soccer Association
Coaching Education Committee
